Raquel Carvalhais

Marketing Student | Digital Marketing, Content & AI-Driven Workflows
Belo Horizonte, MG, Brazil | +55 (31) 97206-0296 | raquelcarvalhais0@gmail.com

Professional Summary

Marketing student at PUC Minas with 2 years of hands-on freelance experience in paid traffic, landing pages, social media content and graphic design. Analytical and curious about AI and digital innovation, with experience building AI-assisted workflows and SQL-based management systems. Comfortable working remotely and independently, planning content calendars and tracking campaign performance. Seeking a marketing internship to support multichannel campaigns, content creation and analytics.

Experience

Freelance Digital Marketing Professional – Paid Traffic, Design & Virtual Assistance
2024 – Present | Remote

- Managed paid traffic campaigns, tracking and analyzing performance metrics to optimize results.
- Built landing pages and responsive websites, applying SEO fundamentals.
- Created graphic assets and supported brand visual identity for clients.
- Managed social media accounts and supported digital communication.
- Provided full remote customer support, resolving client requests.
- Organized spreadsheets, schedules and workflows, and handled financial planning to streamline administrative processes.

Cultura Inglesa (English-language school) – Marketing Intern (Temporary)
2025

- Planned and executed the social media editorial calendar and posting schedule.
- Created posts, flyers and banners, keeping visual consistency across marketing efforts.
- Coordinated workflows and supported the team's administrative routine.

Super Nosso – Cashier & Stock Clerk
2023 – 2024

- Managed and organized an inventory of 200+ items, monitoring restocking needs.
- Supported cashier operations, ensuring accurate records and fast customer service.

AI & Data Projects

AI-Assisted Management Systems (personal projects)

- Built several management systems (personal finance, job tracking, academic management) using SQL/SQLite and AI integrations to structure data and streamline routines.
